PRIVACY POLICY FOR WEBSITE USERS

Energika S.r.l. does not wish to play any part in spreading online spam. This is why we inform you that all data we collect won't be shared online nor transferred to third parties, except if required to fulfil legal obligations and carry out technical tasks needed to provide the service.

The present privacy notice provides users with all information related to the processing of personal data collected during their visits on www.energika.it.

The present privacy notice only applies to the above-mentioned domain, while it does not apply to any other website users may access through any links featured.

DATA CONTROLLER

The data controller is **Energika S.r.l.**

The data controller and the appointed Data Processors will process data with the use of informatics tools.

Data processing is only aimed at providing the required services, developing statistics about the use of such services and at sending promotional information, upon express consent, both online and offline.

Processing connected to web services provided by this website take place at Energika S.r.l registered office.

Moreover, we ensure to pay utmost attention to data protection from fraudulent access and to immediate data cancellation from our lists upon request.

This website collects anonymous browsing data for statistical purposes by using authorized third-party cookies, in respect of users' personal data privacy and in compliance with the legal regulations in force. By browsing on this website, clicking the featured links or simply scrolling down the pages, users agree to the service and to the use of cookies.

USE OF COOKIES

Our website uses cookies. Cookies are small text files sent to users' browsers, where they are stored and then transmitted to the same websites on users' next visits.

During their browsing experience, users may receive cookies from other websites or web servers (these are known as "third-party" cookies), for the website they are visiting may include elements, such as pictures, maps, sounds, or specific links to web pages of other domains hosted on different servers than the one hosting the required web page.

The Data Controller hereby informs all users that this website uses three types of cookies:

1. technical and session cookies;
2. third-party persistent cookies.
3. profiling cookies

Technical and session cookies

The use of technical and session cookies (that are not persistently saved on users' devices and disappear when closing the browser) is strictly limited to transmitting session identifiers (server-generated random numbers), which are needed to ensure safe and efficient browsing of the website.
